

About

About Us

BFET HOMEZONE SCHOOL

Our Objectives: BFET Homezone School is determined to discover, build and raise a total child in preparation for the challenges of tomorrow by developing their skills, knowledge, values, and character within a safe and intellectual stimulating environment

Our Ethos & Values: We believe it is very important to consult with our children on a regular basis. This has help in no small measure on our growth and also encouraged the children's understanding of LEADERSHIP

Everyday at BFET Homezone School we are blessed with the active learners and talented staff members around.

Mission Statement

Our Mission Statement: Helps a child for self-discovery in a proven curriculum and teaches children to become problem solvers and critical thinkers

Our Core Values

Our Vision Statement: To be at the forefront of raising God's ambassadors, through the pursuit of academic excellence and quality education

Our Philosophy

At BFET we follow a child-centered educational approach. We make sure that it is based on our believe that a child is naturally curious and is capable of initiating learning in a supportive and thoughtfully prepared environment.
